

THE STATE OF FOOD SECURITY AND NUTRITION IN THE WORLD 2021

118 million more people
faced hunger in 2020 than in
2019

Close to 12% of the global
population - 928 million
people - were severely food
insecure in 2020

Around 660 million people
may still face hunger in 2030
- 30 million more people than in a
scenario in which the pandemic had
not occurred

Nearly 1 in 3 people (2.37
billion) did not have access
to safe, nutritious and
sufficient food in 2020
- an increase of almost 320 million
people in just one year
